STAT MEMORANDUM FOR: [REDACTED]
C/NFAC/CSS

STAT FROM : [REDACTED]
Assistant Legislative Counsel

SUBJECT : GAO Study on Government-Wide Nutrition, Food and
Agriculture

DD/A Registry
79-0287

1. GAO by letter to the Director, Attachment A, informed us of a GAO study on nutrition, food and agriculture and of a questionnaire to be circulated to all affected agencies. Attachment C is a copy of the questionnaire with instructions. Attachment B is a copy of an OMB memorandum to all agencies involved urging support to the GAO effort.

2. I called Todd Weiss, GAO, to clarify how we are involved. GAO's interest concerns Agency reporting on world food production and weather forecasting. He asked for a meeting with our people to discuss these topics and how we will handle our response. He recognizes that we will have little if any information answering the questions in the questionnaire.

3. Please let me know who you designate to meet with Mr. Weiss and I will call him to set up a meeting.
